## MINUTES OF GABRESKI AIRPORT/ANG CERCLA MEETING

### INTRODUCTION

On January 21, 1993, a meeting was held to discuss the current status of environmental investigations currently being conducted on past and present Department of Defense (DOD) sites located at the base and the airport. Minutes of this meeting are presented in this report.

### MEETING MINUTES

Thursday, January 21, 1993

Sean Walter, the base Environmental Manager began the meeting with introduction of the following attendees:

Seung Baek	ACOE - New York District
Marsden Chen	NYSDEC
Colonel David Hill	106th RQG/NYANG
Joseph LaTrenta	Airport Manager
Anthony Leung	NYSDEC
Charles Lyons	ABB-ES
Michael Minior	ANGRC/DEVR
Charles Partha	SCDPW
James Pim	SCDHS
David Pratt	NYSDEC
Patricia Primi	NYSDEL
Sy Robbins	SCDHS
Dwight Robertson	HAZWRAP
Gary Shearer	ABB-ES
William Stanley	HAZWRAP
John Swartwout	NYSDEC
Sean Walter	106th RQG/NYANG

Colonel Hill opened the meeting with a greeting to all the attendees. He thanked everyone for attending and offered his assistance and that of the base to the attendees.

Marsden Chen stated the primary purpose of the meeting was to identify the department and regulatory agencies involved and obtain a clear definition of each participants responsibilities at the facility. He discussed recent conversations he had at the Rosalyn ANG Station kick-off meeting. His present concern with the

ACOE investigations. Marsden Chen will take the lead role as primary regulatory agency for coordination of environmental programs at the base and airport.

Marsden Chen said NYSDEC would like to see the addendum to the August 1991 Sampling and Analysis Plan for activities to be completed during SI Phase 2. Mike Minior explained the requests for ANG input go through Sean Walter at the base.

Status of the POL Tank Farm was discussed. Seung Baek stated the ACOE could not presently investigate the POL because it is an active facility. Mike Minior said the ANG was not involved in POL investigations per Patricia Hardcastle of the Judge Advocates Office for the Air Force.

Additional items discussed were the ANG's IRP investigations and EPA split sampling at the FTA, the Runway Disposal Area and the Canine Kennels. A tour was conducted of the base and airport sites under investigation and other areas of potential concern prior to the meeting being adjourned.
